

Subject: Blumotix srl operations

Dear Customer / Supplier

Blumotix is NOT one of the companies with essential activities and is therefore obliged to temporarily suspend the activities in compliance with the government directives on the Corona Virus issue issued on 22 March 2020.

From 25 March to 3 April 2020, the company therefore fully suspends the production and shipping departments by keeping technical and commercial support active in smart working.

For any technical or commercial need, write to: info@blumotix.it, possibly leaving a telephone number so that we can contact you.

For those in possession, we would like to point out that we are also available on our cellular numbers and personal e-mails.

In this period, orders will still be regularly accepted but processed only upon reopening.

We thank and remain available.

Regards

The direction
Carlo Orsi
Rossella Fabbri
